\$27,995

 Installation  Training  Warranty

The economical Instrumentarium OP300 3D is a highly versatile dental cone beam machine because it not only delivers small field of view CBCT imaging, but also traditional 2D panoramic and bitewing X-rays. Ideal for implant planning, the pre-owned Instrumentarium OP300 3D is an affordable entry point into dental cone beam, without sacrificing dedicated 2D panorex X-ray functionality. As your practice expands, you can add cephalometric imaging to your OP300 3D dental ct scan at any time through the manufacturer, as well

DEDICATED PANORAMIC

The Instrumentarium OP300 3D provides a wide selection of dedicated 2D panoramic exams, including standard panorex imaging and more advanced options such as ortho zone, orthogonal, wide arch, TMJ, and bitewing views.

BITEWING PROGRAM

The Instrumentarium OP300 cone beam system features a bitewing-like view, offering a quick and easy alternative to intraoral bitewing X-rays. (NOTE: Subject to availability.)

PEDO-FRIENDLY

This dental cone beam unit automatically collimates panoramic X-ray capture for adults and children, reducing the exposure area and enhancing patient safety.

CEPH UPGRADEABLE

As your practice needs change, Instrumentarium OP300 3D can be upgraded with a cephalometric X-ray arm to capture a full range of ceph projections, including lateral, AP/PA and obliques. (NOTE: Subject to availability.)

SMALL FOV CONE BEAM

Capture both 6 x 4 cm and 6 x 8 cm cone beam field of views with the Instrumentarium OP300 panoramic and dental CBCT system. The smaller 6 x 4 cm FOV is ideal for endodontic and single implant sites while the 6 x 8 cm FOV captures the entire dental arch for multiple implant placements and the creation of surgical

TWAIN INTEGRATION

Panoramic images captured with the Instrumentarium OP300 3D cone beam system can be easily integrated into almost any dental X-ray imaging software. Direct TWAIN-connect to Schick, Dexis, Carestream, VIXWIN, Apteryx, Eaglesoft, XDR, Dolphin and more. Ask your Renew Digital Sales Representative if you don't see your software listed.
